

OSF MedAdvantage Provider Network

Administered by Health Alliance™

The strength of the OSF MedAdvantage network means our members receive covered care from trusted doctors, clinics and hospitals throughout Illinois.

The OSF MedAdvantage Core and Open* plans have two tiers of providers: Tier 1 and Tier 2. The Enrich plan does not have a tiered network; it has in-network and out-of-network providers.

Check out the list below to see some of the providers that are in network for all plans. For a full listing of all providers, go to OSFMedAdvantage.org and use our Find a Doctor search.

We don't require a referral, but your doctor might.

When your doctor directs you to another provider, it's called a referral. We don't require this, but your doctor might. Check with your doctor before you see a specialist or other provider to make sure you've taken the proper steps. If we don't have an in-network specialist to treat your specific condition, we'll help you find one. And you'll still pay the in-network cost if you get prior authorization from us.

Call us at (877) 633-2531 (TTY 711), daily from 8 a.m. to 8 p.m. local time. Voicemail is used on holidays and weekends from April 1 to September 30.
